Digital Designer and Certified Art Educator with 16 years of experience in visual communication, user research, and creative instruction. Driven by the key stories of diverse humans to create experiences that educate and support their needs.

EXPERIENCE

Digital Design
Freelance– *Remote*
August 2022 – Present

- Delivered end-to-end website redesigns, digital presence maintenance, and layout accessibility audits for local artists and early-stage startups.
- Authored design thinking and creative visual arts curriculum for educational non-profits (Compudopt) to train instructors and students on design frameworks.

UX Design & Product Management
CoLearn– *Remote*
August 2021 – August 2022

- Led user research for a K–12 homeschool scheduling and learning web app, conducting 200+ parent and student interviews to improve the virtual learning layout.
- Managed customer experience knowledge base workflows and support documentation within HubSpot, optimizing troubleshooting paths for remote learners nationwide.

Visual Arts Educator
Fort Bend Independent School District – Houston, TX
August 2010 – June 2021

- Instructed college-preparatory AP art and foundational studio courses, mentoring students through independent portfolios and individual creative goals.
- Delivered a full academic year of remote visual art instruction via Google Workspace, Schoology, and Zoom to maintain 1:1 student check-ins.

- Developed multi-level curricula, structured clear progress-tracking systems, and partnered with families to provide student growth tracking.
